5.	Title of the notified document: Review of the rabies virus risk in imported dogs, cats and canine semen from approved countries – Final report. Language(s): English. Number of pages: 72 https://members.wto.org/crnattachments/2023/SPS/AUS/23_0400_00_e.pdf
6.	Description of content: Australia released the <i>Review of rabies virus risk in imported dogs, cats and canine semen from approved countries – Final report</i> on 12 January 2023. All comments on the draft report for this policy review were considered in the finalisation process. The new import conditions will be implemented from 1 March 2023. The Department of Agriculture, Fisheries and Forestry will contact all affected import permit holders to provide advice about how these changes affect their permits. Further details on the import conditions will be provided on the department's website at agriculture.gov.au/biosecurity-trade/cats-dogs/step-by-step-guides prior to implementation. Model certification including veterinary export health certificates have been provided which can be used to facilitate trade immediately after implementation. Australia would like to commence negotiation of specific veterinary health certificates with all approved countries by 1 September 2023.
