Purpose of the directory

The purpose of the directory is to provide contact details of Agricultural Extension, Advisory and Forestry Management Services personnel nationally. The directory contains contact information for National, Provincial as well as Districts and Municipalities personnel responsible for Agricultural Extension, Advisory and Forestry Management services.

Format of the directory

The format of the directory is prescribed by the Directorate Communication Services of the Department of Agriculture, Forestry and Fisheries. Only those items of information that facilitate the use of directory are permitted. Five major sections are used in the directory:

1. National Extension, Advisory and Forestry Management Services co-ordinators information

Nationally the Extension, Advisory and Forestry Management Services is the responsibility of the Chief Directorate: National Extension Support Services. It is coordinated by the Directorate: National Extension Support.

2. Forestry Regional Heads contact details

The public forestry sector is coordinated at the national level by the Chief Directorate: Forestry operations and it has four different regional offices as outlined here

3. Head of Departments of Agriculture contact information and Provincial Coordinators of Extension, Advisory and Forestry Management Services details

The nine provincial departments of agriculture do not only have a common agricultural mandate to deliver on but each differs from the other. The official name of the provincial department is correctly stated in the directory as well as the Head of the department.

4. District Director's details

This section comprises of the name of the District, the name of the District Manager, the physical address and the managers contact details. This information is spread across all provinces.

5. Extension personnel contact details

This section entails the list of advisors with their contact details and their commodity focus areas. Each extension officer is placed under the District and Municipality they serve.
