DECLARATION OF INTENT:

I/We the undersigned as producer understand and shall comply with all the stipulations of the applicable export programme(s) (protocols) with specific reference to the following:

1. Only fruit produced in registered orchards may be sourced for the applicable export programme(s).
2. Consignment shall be free of any of the listed quarantine organisms that pose a phytosanitary risk to the importing country.
3. Only DALRRD and PPECB approved packing houses and cold chambers/containers must be utilised for handling, storing and cold sterilisation of the fruit.
4. Only fruits that are from the approved production units (PUC) and clearly marked for a specific export programme shall be allowed for export.
5. All the correct information is completed in the registration document, the correct amount of tariff is paid at the bank, the copy of proof is attached to the registration document and the checklist is completed and attached.
6. The copies of the registration document are kept at the registered PUC for record purpose.
7. Application for registration of production unit shall not be considered if:
 - a) The registration document is illegible (information to be typed or completed in clear block letters),
 - b) Information is insufficient or incorrect, or
 - c) Documentation is received after the closing date, and when documentation is faxed, posted or e-mailed,
 - d) When there is no proof of tariff payments, and
 - e) *Bactrocera dorsalis* surveillance trapping record/s is/are not accompanying this document.
8. Pages must be signed at the indicated places, and initialed at the bottom of each page of this document.
9. The Directorates Plant Health and or Inspection Services shall not be held responsible for any financial or other losses resulting from non-compliance by the producer or the exporting agents providing incorrect, insufficient and/or illegible information.
10. I/We accept the fact that if in any manner I/we do not comply with the requirements of the applicable export programme (s), which include interception rate of quarantine pests, could result in expulsion from further participation in the present season.
11. I/We implemented *Bactrocera dorsalis* surveillance trapping in compliance with the relevant guidelines as provided by DALRRD and the surveillance trapping records are attached to this document (Trapping guidelines available on DALRRD website), and accept that ongoing compliance is a pre-requisite for subsequent registration for export to these markets.
12. I/We accept the opinion, protocol, Good Agricultural Practices (GAP), inspections and requirements of the South African National Plant Protection Organisation (DALRRD: DPH, DIS) as final and in accordance with the applicable export programme (s).

I herewith, in my capacity as producer, declare that all the information completed in this document are correct, and I will take full responsibility for, and comply with, all the requirements as prescribed in the respective export protocols for the export of Stone fruit to the USA as indicated under sections A & B.
