2022/23

APPLICATION FOR PHYTOSANITARY REGISTRATION OF PRODUCTION UNIT CODE (PUC) FOR THE EXPORT OF LITCHI FOR IRRADIATION IN THE USA

Closing date: 08 August 2022

Please make sure that you:

- Study the registration form carefully and complete it as required
- Pay the tariffs at the bank (strictly no cheques will be accepted) and clearly state the PUC on the proof of payment and attach it to the registration document
- Complete the check list at the end of this registration document to verify if all the information is completed correctly
- Keep a copy of the whole registration document for records
- Attach *Bactrocera dorsalis* surveillance trapping records
- Due to the status of COVID-19 pandemic in the country, do not courier these document, only send to the e-mail addresses provided below and confirm the receipt.

NB: Tariff Payments are compulsory: R125.00 annually per PUC. NO CHEQUE WILL BE ACCEPTED

Banking details are as follows:

- Bank: Standard Bank
- Branch: Arcadia
- Branch No: 05-10-01
- Account No: 010274189
- Account Name: DAFF Plant healthReference: PHYTO REGISTR.
(please indicate PUC)

PLEASE E-MAIL THIS DOCUMENT TO THE ADDRESSES BELOW AND CONFIRM THE RECEIPT:

1. **DECLARATION OF INTENT:**

I/We the undersigned as producer understand and shall comply with all the stipulations of the applicable export programme(s) (protocols) with specific reference to the following:

1. Only fruit produced in registered orchard/s may be sourced for the export programme.
2. Consignment shall be free of any of the listed quarantine organisms that pose a phytosanitary risk to the importing country of USA.
3. Only DALRRD and PPECB approved packing houses and cold chambers/containers shall be utilised for handling, storing and cold storage of the fruit.
4. Only fruit that are from the approved production unit(s) (PU) and clearly marked for export programme shall be allowed for export.
5. All the correct information is completed in the registration document, correct amount of tariff is paid at the bank, copy of proof is attached in the registration document and check list is completed and attached to the document.
6. The copies of the registration documents for all orchards per PU are kept for record purpose.
7. Application for registration of PU shall not be considered if:
 - a) The registration document is illegible (information to be typed or completed in clear block letters),
 - b) Information is insufficient or incorrect, or
 - c) Documentation is received after the closing date,
 - d) Proof of payment is not attached/received,
 - e) *Bactrocera dorsalis* surveillance trapping record/s is/are not accompanying this document.
8. All pages must be signed at the indicated places, and initialed at the bottom of each page of this document.
9. The Directorates Plant Health and or Inspection Services shall not be held responsible for any financial or other losses resulting from non-compliance by the producer or the exporting agents providing incorrect, insufficient and/or illegible information.
10. I/We accept the fact that if in any manner I/we do not comply with the requirements of the export programme, which include interception rate of quarantine pests, could result in expulsion from further participation.
11. I/We have implemented *Bactrocera dorsalis* surveillance trapping in compliance with the relevant guidelines as provided by DALRRD (available on DALRRD website) and the surveillance report is attached to this document and accept that ongoing compliance is a pre-requisite for subsequent registration for export to these market.
12. I/We accept the opinion, protocol, Good Agricultural Practices (GAP), inspections and requirements of the South African National Plant Protection Organisation (DALRRD: DPH, DIS) as final and in accordance with the export programme.

2. I herewith, in my capacity as a producer, declare that the information provided is correct and I will take full responsibility for, and comply with, all the requirements as prescribed in the respective addendum for Litchi export for irradiation in USA.

2022/23 SEASON**APPENDIX A (Compulsory)****CONTROL PROGRAMME OF LISTED QUARANTINE ORGANISMS FOR LITCHI EXPORT TO USA**

It is important to take note of the following requirements as set out in the addendum:

- Litchi must originate from orchards with only Litchi trees, well numbered and within mapped borders.
- Litchi must originate from orchards that have been monitored and fruit must be free from:

<p><i>Ceratitis capitata</i> Wiedemann (Diptera: Tephritidae) <i>Ceratitis rosa</i> Karsch (Diptera: Tephritidae)</p>
<p><i>Ceroplastes rubens</i> Maskell (Homiptera: Coccidae) <i>Ceroplastes rusci</i> (Linnaeus) (Homiptera: Coccidae) <i>Cryptophlebia peltastica</i> (Meyrick) (Lepidoptera: Tortricidae) <i>Nipaecoccus viridis</i> (Newstead) (Homiptera: Pseudococcidae) <i>Thaumatotibia leucotreta</i> (Meyrick) (Lepidoptera: Tortricidae)</p>

CONTROL PROGRAMME:

Please provide the following detail regarding control programme of the listed quarantine organisms according to the guidelines provided below:

- | |
|---|
| <ul style="list-style-type: none"> ▪ Blank spaces will result in rejection of application. ▪ Inspectors of the Department of Agriculture, Land Reform and Rural Development (DALRRD-IS) will verify information when visiting production units during the season. |
|---|

1. What monitoring system is used?
 - a. Trapping – details on the kind of traps used. (Pheromone traps are required by the protocol for the production of South African Litchis intended for export and irradiation in the USA).
2. How many traps are placed per hectare?
3. According to which criteria (random selection or specific guidelines –details) are trees selected for:
 - a. Placement of traps?
4. Frequency of monitoring (e.g. once a week)
5. Frequency of replacing traps and trap bottoms/lure
6. In detail, please summarize the results of the pheromone trapping for the period 01 October – 31 March preceding the export season
7. At what stage (threshold) are control measures applied to control *Ceratitis rosa* and *Ceratitis capitata*?
8. What control measures (chemical, biological and cultural) have been applied in approximately the past 5 years? Do not supply records but provide a **summary** of these measures (e.g. chemical: product name and rate of application)
9. What control measures are available and considered for application should it be deemed necessary?

Please supply information in the following table according to the questions listed on the previous pages. In the table the applicable questions are indicated specifically for each organism.

Checklist with regard to completion of phytosanitary registration form, this part is compulsory to be completed by producers

	PUC:..... Name of producer:.....	Confirm √ = Yes X = No
1.	General	
1.1	Is the correct Production Unit Code (PUC) and Packhouse Code (PHC) completed in full?	
1.2	Did you read and understand the declaration of intent?	
1.3	Is the declaration of intent page signed and the date indicated?	
1.4	Are all the other pages signed and initialed as required?	
1.5	Did you understand all the procedures for phytosanitary registration?	
1.6	Are separate registration documents completed for different PUCs?	
1.7	Did you attach <i>Bactrocera dorsalis</i> surveillance trapping record/s?	
1.8	Has your document been completed and e-mailed to the provided e-mail address before the closing dates?	
1.9	Have you made copies of the registration documents and filed them on the farm for record keeping purposes?	
2.	Tariff payments	
2.1	Did you pay the required tariffs of R125-00 per facility to the relevant Department of Agriculture, Land Reform and Rural Development (DALRRD) account?	
2.2	Is the proof of payment / deposit slip attached in the registration document?	
2.3	Are the tariffs paid through the bank, and no cheque is attached on registration document?	
2.4	Did you stipulate the correct reference number including the PUC no.?	
2.5	If the tariffs are paid for more than one facility, did you clearly indicate the PUC / PHC/ inspection points paid for?	
2.6	Do the facilities registered correspond with the amount paid?	
3.	Section A	
3.1	Are the correct PUC and PHC codes entered in full?	
3.2	Are the different registration documents completed for different PUC's? "Are there separate registration documents for the different PUC's applying?"	
3.3	Is all the information including name of PUC, producer, farm manager, tel no., cell no., email address, postal address, provinces and magisterial districts completed in full?	
3.4	Did you indicate the name of packhouse manager and contact details for the packhouse you are intending to utilize?	
3.5	Did you sign and indicate the date at the bottom of the page?	
4.	SECTION B	
4.1	Are the correct PUC and PHC codes entered in full?	
4.2	Did you complete the information regarding cultivars and orchard no. in full, not using abbreviations?	
4.3	Did you sign and indicate the date at the bottom of the page?	
5.	APPENDIX A (LITCHI FOR IRRADIATION IN USA)	
5.1	Did you read and understand the requirements as set out in the Addendum for the export of Litchi to be irradiated in USA?	
5.2	Did you complete all the required details for <i>Ceratitis rosa</i> (Natal fruit fly) without leaving blank spaces?	
5.3	Did you complete all the required details for <i>Ceratitis capitata</i> (Mediterranean fruit fly) without leaving blank spaces?
