TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER / CONSORTIUM OF SERVICE PROVIDERS TO REVIEW THE NORTHERN CAPE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK WITHIN A PERIOD OF EIGHTEEN (18) MONTHS.

1. BACKGROUND

- 1.1 The Department of Agriculture, Land Reform and Rural Development (DALRRD) requests the services of one (1) firm or consortium of multi-disciplinary and suitably qualified firms to review the Northern Cape Provincial Spatial Development Framework within a period of eighteen (18) months.
- 1.2 SPLUMA requires national, provincial, and municipal spheres of government to prepare SDFs that establish a clear vision that must be developed through a thorough inventory and analysis based on national spatial planning principles and local long-term development goals and plans. SDFs are thus mandatory at all three spheres of government. Section 12 (2) confirms that all three spheres must participate in each other's processes of spatial planning and land use management and each sphere must be guided by its own SDF when taking decisions relating to land use and development.

Directorate: Spatial Planning and Land Use Management Services, 30 Du Toitspan Road, Flaxley House Building, 3rd Floor, Room 301, Kimberley 8300; Tel: (053) 832 4588; Fax: (053) 832 1482

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER / CONSORTIUM OF SERVICE PROVIDERS TO REVIEW THE NORTHERN CAPE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK WITHIN A PERIOD OF EIGHTEEN (18) MONTHS.

- 1.3 Chapter 4; Part A to E of SPLUMA outlines requirements for SDFs at National, Provincial, and Municipal level with various sections providing prescription for each sphere of government with regard to the SDF preparation and content, Section 12 of SPLUMA requires that all spheres of government compile Spatial Development Frameworks for their areas of jurisdiction; Part C in particular stipulates the legal effect, the requirements and the content of a Provincial SDF, while Part D provides for the preparation and content of a Regional SDF. Part F defines the status of an SDF.

- 1.5 The specific intention is to review and update the Northern Cape Provincial Spatial Development Framework in terms of Section 15 read together with section 12 (1) of the Spatial Planning and Land Use Management Act, 2013 (Act No. 16 of 2013) (SPLUMA).

2. PROBLEM STATEMENT

- 2.1 The Spatial Planning and Land Use Management Act (SPLUMA) provides for the establishment of a coherent spatial planning system as well as the development of spatial planning tools and regulatory framework in support of the above-mentioned objectives.

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER / CONSORTIUM OF SERVICE PROVIDERS TO REVIEW THE NORTHERN CAPE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK WITHIN A PERIOD OF EIGHTEEN (18) MONTHS.

Key amongst these tools is the Spatial Development Framework that directs the provincial and municipal development objectives and development visions towards the required spatial vision in South Africa as articulated in related policy documents and National Spatial Development Framework.

- 2.2 The Northern Cape Provincial Government requires assistance to review the Provincial Spatial Development Framework (PSDF). The current PSDF was developed in 2018, which renders many of the analysis and status quo of the Province outdated as many catalytic interventions and programmes unfolded in the Province since then. Apart from the outdated status of the PSDF, alignment with the latest National~ and the Karoo Regional SDF needs to be done as the current PSDF have been completed prior to the completion of the National Spatial Development Framework (NSDF), Karoo Regional Spatial Development Framework (KRSDF) and in some cases District and Local Municipal SDFs (LM SDFs). The review of the PSDF will also assist in hosting the District Development Model (DDM) / One Plan that was adopted by Cabinet, the Presidential Coordinating Council and various MINMECS in 2019. Since 2019 the municipalities succeeded to develop first and second generation DDM One Plan, which now further put the focus on the need to align the municipalities' forward looking SDFs.

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER / CONSORTIUM OF SERVICE PROVIDERS TO REVIEW THE NORTHERN CAPE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK WITHIN A PERIOD OF EIGHTEEN (18) MONTHS.

- 2.3 The DDM consists of a process by which joint and collaborative planning is undertaken at local, district and metropolitan by all three spheres of governance resulting in a single strategically focused Plan for each of the 44 districts and 8 metropolitan geographic spaces in the country, wherein the district is seen as the 'landing strip'. The model reflects on recent reforms and progress in areas such as the National Treasury budgeting processes, which are facilitating for better spatial targeting and alignment of government investment spending with development priorities. The review of the PSDF will provide the opportunity to promote the alignment of all the current government initiatives also included in the One Plans to ensure that the Districts are optimally positioned to plan for the future and execute their mandates.
- 2.4 The utilization of the SDF Guidelines as produced by DALRRD in 2017 resulted in improvement of the content of the SDFs. However, issues pertaining to horizontal and vertical alignment of various plans with the SDFs still remain a challenge in most of the SDFs. Consequently, the central and strategic role of a SDF as spatial integrator and coordinator of various government activities, sector, spheres and programmes have been slightly compromised. The interrelationship and response to the different plans and frameworks of the National-, Regional -, District and Local SDFs is not reflected emphatically, and it is interpreted differently which creates uncertainty for stakeholders to respond

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER / CONSORTIUM OF SERVICE PROVIDERS TO REVIEW THE NORTHERN CAPE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK WITHIN A PERIOD OF EIGHTEEN (18) MONTHS.

to in terms of strategic planning. The PSDF implementation framework and monitoring and evaluation strategies specifically also need improvement.

- 2.5 The PSDF need to review the provincial space economy in the context of the national, district and municipal space economies. It needs to guide and coordinate the respective municipalities and departments within the Province which is in severe need and deprivation, of resource potential, of infrastructure endowment and current and potential economic activity by describing key social, economic and natural trends and issues shaping the provincial geography and status.
- 2.6 The problem is compounded by the fact that capacity to plan and implement plans from a provincial as well as a municipal sphere remains a challenge. As a result, spatial and economic fragmentation, silo approach to planning between the different sectors as well as ill alignment in strategic planning documents continues to pose major challenges despite the progress made by the current PSDF.
- 2.7 The current PSDF are not seen as comprehensive enough especially as it needs to have an updated Spatial Analysis Context and datasets and specific guidance

from the National Spatial Development Framework and Karoo Regional Spatial Development Framework to guide the formulation of the PSDF and its proposals.

- 2.8 The current PSDF also does not have a clear response to the National Spatial Action Areas from a provincial perspective and it is currently silent on various pressing catalytic projects being planned for implementation of national significance and is also silent in terms of future development pressures not anticipated and how to respond to these.
- 2.9 In terms of monitoring and evaluation and how effective implementation and spatial planning and governance guidance is to be supported is also currently lacking in the PSDF.

3. THE OBJECTIVES OF THE PROJECT / SCOPE OF THE PROJECT

- 3.1 The main objective of the project is to review the PSDF in order to meet the required standards set by the National Government through the implementation of the Comprehensive SDF Guidelines developed by DALRRD. Terms of Reference and provide the necessary details thereof. Practical lessons and progress made during the implementation process should be well documented and recommendations made where the guidelines require improvement.

Therefore, the PSDF shall be amended accordingly, in order to remain credible and comply with legislative requirements and guidance.

- 3.2 Compliance with the following important aspects of an SDF as indicated in the Chapter 4 of SPLUMA must be adhered to. (The PSDF serves a specific role). Section 12 subsection (1) (a) to (o) stipulates generally the areas an SDF must cover. In particular, the following sections prescribes over and above the parameters of preparing for the development of an SDF, the minimum areas to be addressed by each SDF as follows: section 14 (a) to (f) defines the content for an NSDF, Section 16 (a) to (f) defines the content for a PSDF, Section 19 (a) to (g) defines content for a RSDF, while Section 21 (a) to (p) defines content for a MSDF.
- 3.3 The review and development of the PSDF must give effect to the development principles contained in the Spatial Planning & Land Use Management Act including: -
 - (i) Spatial Justice;

- (ii) Spatial Sustainability;
- (iii) Efficiency;
- (iv) Spatial Resilience; and
- (v) Good Administration
